

Easy Citations for Your Research Papers

- Save citations from your favorite databases (Google Scholar, Web of Science, PubMed, etc.)
- Easily create bibliographies and footnotes in hundreds of different styles automatically!
- Integrates into MicroSoft WORD – or export in BibTeX format for use in LaTeX.

You Will Need:

- An EndNoteWeb account (free)
 - <https://www.myendnoteweb.com/>
 - Your email address is your userid (can use a UCSC or other email account as long as you create account from an on-campus IP address)
- EndNoteWeb Cite While You Write Plug-In for Microsoft WORD (free, optional) - <https://www.myendnoteweb.com/>
 - **Must Check Preferences:**
 - **Older versions of Word** - Tools > EndNote (Web) > Cite While You Write Preferences > Application > Then click on EndNote Web button
 - **Word 2007** - Click on Preferences in the Endnote (Web) tab (near top right of page) > Application tab in the EndNote Preferences Window > Change the Application drop-down box to EndNote Web.
